---

**Product Description**

Sometimes life could be just a little more complete by adding a blended beverage while underway on the water. Two lockable Pelican® boxes are conveniently mounted in the cockpit console to house the removable blender and for storage of small personal items such as sunscreen, camera, etc. Includes: 12v. 10 Amp GelCel battery, carrying strap, plug-in wire harness, and battery charger. Designed for use in all types of water: lake, river and ocean; however saltwater use not recommended due to the sensitivity of electronic components. Standard features include: UV protected ABS thermo-formed construction, with adjustable foot rests, sliding hatch with lockable marine grade latch and carrying handles fore and aft, positive floatation, total capacity of 425 lbs including 5 cu. ft. of enclosed storage capacity and open cockpit accommodations for a passenger as tall as 6' 4" (performs best for persons weighing up to 200 lbs). Length 14 feet, Beam 23 inches, Draft 4 inches, Weight 53 pounds excluding battery.

\*Actual product color may vary slightly from color displayed on computer or in print.
